occasionally, but ALWATS. For the ravages of Rheumatism are everywhere and genuine relief is rare.

I spent twenty years in experimenting before I felt satisfied that I had a certain remedy for this dread disease.—a remedy which would not only clean out the poison, but one which would stop its formation.

Certain Relief

The secret lay in a wonderful chemical I found in Germany. Whom I found this chemical, I knew that I could make a Rheumatic cure that would be practically certain. But even then, before I made an announcement —before I was willing to put my name on it —linade more than 2.000 tests! And my failures were but 2 per cent.

This German chemical is not the only ingredient I use in Dr. Shoop's Rheumatic Cure—but it made the remedy nossible made possible an achievement which. I doubt not could have been made in no other way. This chemical was very expensive. The duty, too, was high in all it cost me \$4.00 per pound. But what is \$8.90 per pound for a REAL remedy for the words most to first pound in the second of the words in the second of the second in the second of the words in the first pound is impossible. But I will drive from the blood the poison that causes pain and swelling, and then that is the end of the pain and awelling—the end of Rheumatism. That is why I can afford to make this liberal offer—that is why I can afford to make this liberal offer—that is why I can afford to mente that the FIRET doilar that Recumatic sufferers, the world over, may learn of my remedy.

RAILROAD BOARD ENLARGED BY BILL

Measure Provides for Seven Members and Insures Greater New York Representation.

York City representation on the State New York. The measure provides for an increase in the number of commisstoners from three to seven, at least two of whom shall reside in New York. Mr. Agnew, in explaining the bill, said: "There has been a loud clamor in New York City for representation on the Railroad Commission. Last year an ef-fort was made to pass a bill for a strictly municipal commission. There seems to be no hope for such a measure., Nor does it seem possible to give to the city representation in the present board of three members. By making
